- **Full-Stack Web Developer**
  - HTML, CSS
  - PHP, SQL
  - Django
  - JavaScript
- **Python Developer**
  - Streamlit
  - NumPy
  - Pandas
  - Matplotlib
  - Scikit-learn

LANGUAGES

- English
- Gujarati
- Hindi

PROFILE

- Python Developer and Data Science enthusiast with a BCA degree (CGPA 9.02). Skilled in Python, SQL, and machine learning, with hands-on academic and project experience in data analysis, visualization, and building data-driven applications. Eager to apply technical and analytical skills to solve real-world problems.

PROJECT

- **Automated-Data-Visualization**

- Built an interactive web application using Python and Streamlit that enables effortless data analysis and visualization. The platform allows students, analysts, and professionals to explore datasets and generate insights without writing any code. Features include CSV/Excel upload, automated data cleaning, and interactive visualizations.
  -
    - Streamlit
    - NumPy
    - Pandas
    - Matplotlib
    - Scikit-learn
